SPECIFICATIONS

THIS INFLATOR OPERATES ONLY ON 12 VOLT DC OR THE INTERNAL BATTERY. DO NOT ATTEMPT TO OPERATE THIS INFLATOR WITH ANY OTHER SOURCE OR VOLTAGE. DO NOT REWIRE OR RECONFIGURE INFLATOR FROM ITS ORIGINAL DESIGN OR PERSONAL INJURY OR BODILY HARM MAY OCCUR.

Voltage	**12 V**
Power Requirement	**DC 12V/12A – For use with 12 Volt DC Power Outlet Only**

Note: **<u>This unit is equipped with fuse protection</u>**. If at some point your Inflator fails to operate, check the fuse in the end of the 12 volt plug. To replace the fuse, simply unscrew the 12 Volt power plug tip, install new fuse and reassemble power plug tip. Use only an AGC - 15 amp replacement fuse.

IMPORTANT SAFETY INFORMATION

WARNING

1. Use 12 volt DC only. Make sure that your vehicle 12 Volt power outlet is free of any ash residue or debris. A dirty 12 Volt power outlet can cause the inflator and power cord to overheat. Overheating can cause damage to your inflator/vehicle and could cause bodily harm or injury (Disconnect power when not in use).
2. This inflator is designed to inflate car tires, bike tires, ATV tires, sports equipment, air mattresses, beach toys and other inflatables. Do not use for any purpose other than inflating. If you do so, bodily harm or personal injury can occur.
3. When operating your inflator do not run more than 10 minutes continuous use. Allow inflator to cool down 10 minutes before re-using.
4. After using, turn off power.
5. The inflator is not a toy. Keep away from children at all times.
6. Do not carry inflator by the air hose or power cord or damage may occur.
7. Do not leave the inflator unattended while in operation.
8. Do not over inflate. Please follow the manufacturer's instructions for the item you are inflating
9. Keep the inflator away from flammable areas/liquids at all times.
10. Do not operate the inflator in wet or damp areas.
11. Operate the inflator only with the accessories that are included.
12. USE SAFETY GLASSES. Also use face or dust mask if operation is dusty.

OPERATING INSTRUCTIONS

To inflate vehicle tire:

1. Connect the 12 volt plug into 12 Volt Power outlet.
2. Connect the Valve/Tire chuck to tire air valve and push down the Valve Lock Lever to secure the connection.
3. Slide the On/Off switch to "On" position and the Inflator will begin to operate. Inflate your tire or desired item to the correct pressure and shut off the Inflator by sliding the On/Off switch to the "Off" position.

To inflate sports ball, air mattress, rubber raft, etc.:

You may use the adapter nozzles to inflate sports balls, air mattresses, rubber rafts and other inflatable items. Select appropriate nozzle and follow procedure for inflating vehicle tire (above).

CAUTION **DO NOT OVER-INFLATE YOUR ITEM**
